

I've decided to attend college locally...

- Can a local school prepare me for graduate school and advanced studies?
- Can I get a "true" college experience at a local school?
- Can my excellent performance as a high school student help me pay for college?

Yes, at Calumet College of St. Joseph!

- Hundreds of CCSJ graduates have pursued graduate work in such fields as Law, Psychology, English, and Business. Our alumni are well represented in a broad array of professions that require advanced degrees.
- Students have access to full-time, highly-credentialed faculty beginning with their first course at CCSJ. No courses are taught by graduate assistants. Close and long-lasting professional relationships with faculty are encouraged.
- Students at CCSJ are provided with a full range of extra-curricular and co-curricular opportunities, including sports, theater, journalism, social and service clubs of various kinds, and student government.
- CCSJ has the lowest tuition rate of any private institution of higher learning in Indiana. Financial aid opportunities are available for most students, including scholarships for students with high incoming grade point averages. "Creative Performances" scholarships are now available for students who want to pursue careers in the arts, journalism, and library science. At CCSJ, we do not believe that cost should be a barrier to education.
