Subject:  Evaluation visit to Calumet College of St. Joseph on 04/25/11 - 04/26/11  

Date:     March 25, 2011  

This memorandum and accompanying enclosures provide you with the background information and materials you need for the evaluation visit to Calumet College of St. Joseph (Institutional ID # 1179) on 04/25/11 - 04/26/11.

I encourage you to review the *Handbook of Accreditation, Third Edition* and call your attention to several chapters in the Handbook that you may need, depending on the nature of your evaluation assignment: Chapter 3 (Criteria for Accreditation), Chapter 5.4 (Third Party Comment), Chapter 7.1 (Fulfilling Commission Mandates), Chapter 7.2 (Seeking Approval of Proposed Changes), and Chapter 8.2 (Federal Compliance). This same information, in the left hand column, is available on the Commission's web site: www.ncahlc.org.

The *Statement of Affiliation Status* and *Organizational Profile* are provided for reference. These documents summarize the institution's existing relationship with the Commission and are explained in Chapter 2.3 in the *Handbook*. Also, you should anticipate receiving, at a later date, the completed *Institutional Snapshot* that the Commission has requested the institution to submit with its *Self-Study Report*.

As a team member or team chair, you are encouraged to familiarize yourself with the Team Report format so that you can write appropriate evaluative/evidentiary statements and provide relevant consultation to the organization. The team report format for all evaluation visits has an Assurance Section and an Advancement Section. The templates and Guidelines for use in writing the team report following a comprehensive visit, mandated focused visit, or focused visit for change are found on the Commission's web site: type in team report into the search engine. Please be certain to use the appropriate template when writing your report.

Commission staff has developed procedures for team chairs to follow in submitting team reports, for the *draft team report* for staff review, and for the *final team report* that becomes the Commission's official document. You are strongly encouraged to send the team reports electronically to the appropriate designated mailboxes. The *draft team report* should be sent directly to the staff liaison whose name you will find on the ESS (first initial & last name of the respective staff liaison (e.g. rappleson@hlcommission.org)), with the words “Draft Team Report—Institution's Name and Liaison's Surname” in the subject line. The *final team report* should be sent electronically to finalreport@hlcommission.org with Final Team Report—Institution Name and Liaison's Surname in the subject line.

The Commission has updated its policies for allowable expenses for peer reviewers, and you will find the updated version on our web site. If you have any questions regarding the materials and documents, or the information provided about the team reports (draft or final) please give me a call (800) 621-7440, ext. 114. I thank you for assisting the Commission in its work.

Dr. Dennis C. Rittenmeyer
President
Calumet College of St. Joseph
2400 New York Ave.
Whiting, IN 46394

Dear President Rittenmeyer:

This letter is formal notification of the action taken concerning Calumet College of St. Joseph by the Higher Learning Commission. At its meeting on August 13, 2001, the Institutional Actions Council voted to continue the accreditation of Calumet College of St. Joseph, and to adopt any new items entered on the attached Statement of Affiliation Status (SAS). The Commission Board of Trustees validated that action through its validation process concluded on August 20, 2001. The date on this letter constitutes the effective date of this new status with the Commission.

You should note that in taking the final action, the Institutional Actions Council expanded the nature of the progress report originally proposed by the team. The Council concluded that the Commission should learn of the success of those changes to strengthen the College's financial status through increasing endowment and annual giving as well as achieving enrollment stability. In light of the differences between the baccalaureate and masters degree programs, the Council also determined that the July 1, 2004, progress report should address the faculty staffing for the new program, and the relationship of that staffing to the faculty staffing of the baccalaureate program. If you have any questions about these changes, please let me know.

Normally a new Record of Status and Scope (RSS) is attached to this letter. The RSS includes the SAS and the Statement of Institutional Scope and Activities (SISA). The SISA is generated from the database and includes specific information gleaned from your Annual Report as well as from the team. This year we are holding the annual report information gathered online until our database redesign is complete. The Annual Report was designed to link with the new database, not our current one. Therefore, instead of sending you a Record of Status and Scope that is not current, I choose only to send the SAS portion of it. As soon as the new database is finished and tested, I will forward your full Record of Status and Scope. It will summarize the relationship between the Commission and Calumet College of St. Joseph. Modifications to it may require prior approval from the Commission, although several sections of the Statement of Institutional Scope and Activity can be modified through submission of the Annual Report. In the meantime, I highly recommend that if you have any questions about how planned institutional changes might affect your relationship with the Commission, you write or call Dr. Karen Kietzman, your staff liaison.

Changes in your institution that would require further Commission action prior to their initiation are found in Chapter 12 of The Handbook of Accreditation, Second Edition and on pages 37-41 of the March 2001, Addendum to the Handbook. The Addendum can be found on the Commission's website at www.ncahigherlearningcommission.org under the Information for Affiliated Institutions and Consultant Evaluators. Please review them with care.

Dear President Rittenmeyer:

This letter is formal notification of the action taken concerning Calumet College of St. Joseph by The Higher Learning Commission. At its meeting on August 16, 2004, the Institutional Actions Council voted to extend your accreditation to include the Master of Science in Education, Leadership in Teaching. The Commission Board of Trustees validated that action through its validation process concluded on August 25, 2004. The date on this letter constitutes the effective date of this new status with the Commission.

Normally a new Record of Status and Scope (RSS) is attached to this letter. The RSS included the Statement of Affiliation Status (SAS) and the Statement of Institutional Scope and Activities (SISA). In the Commission’s database redesign, an Organizational Profile document will replace the RSS. The Organizational Profile, like the SISA will be generated from your Annual Report data, and will include demographic and academic information. (Please note that financial indicators will not be included in the Organizational Profile document.)

The Commission’s database redesign is completed. In the next month, you will receive your Organizational Profile, which provides data from your Annual Report, and another copy of your SAS. These documents will summarize the relationship between the Commission and Calumet College of St. Joseph. In addition, I will post these documents on the Commission website as information to the public. Before the Organizational Profile and the SAS are posted to the website however, you will have the opportunity to verify the information in both documents.

Commission policy on changes in your institution that require further Commission action prior to their initiation, is found in Chapter 7.2 of The Handbook of Accreditation, Third Edition. STAFF ANALYSIS OF INSTITUTIONAL REPORT

DATE: November 18, 2004
STAFF: Karen J. Solomon
REVIEWED BY: Barbara Pollard Taylor

INSTITUTION: Calumet College of St. Joseph, Whiting, IN

EXECUTIVE OFFICER: Dennis C. Rittenmeyer, President

PREVIOUS COMMISSION ACTION RE: REPORT: A progress report due on 07/01/04 focused on assessment and on staffing of the new Master's program.

ITEMS ADDRESSED IN REPORT: The Higher Learning Commission received the Calumet College of St. Joseph' (CCSJ) report and support documentation on 8/3/04.

STAFF ANALYSIS: In the report of the 2001 evaluation visit to CCSJ the team observed that few programs had developed strong assessment programs, general education learning outcomes were not assessed, and there was confusion between program review and assessing student learning. The team's recommendation for a progress report focused on the implementation of the assessment plan and the closing of the feedback loop.

General Education. The College identified four Academic Principles for its curricular and co-curricular programs and 20 academic goals that are stated in terms of skills, subject matter knowledge, and human and professional values. College has also identified general education competencies, and mapped these to the College's academic goals. Staff notes that in the AY 2004-05, the Director of General Education will conduct a comprehensive evaluation of the General Education program. What will this comprehensive evaluation assess? Is it the skills, knowledge, and values across the College's four Academic Principles, the attainment of the academic goals, the general education competencies? How will the College assess and assure that a CCSJ student evinces a commitment to the understanding and practice of gospel centered social justice (21) or that the College is preparing competent, scholarly, and confident leaders (21)?

Academic Programs. All CCSJ academic programs reported using one or more of the identified major assessments and at least 80% use a capstone course or an internship. The Curriculum and Assessment Committee reviews assessment plans and approves curricular changes.
Peggy Maki's paper on Dialogue Fuels Assessment (available from AAHE) is another resource for stimulating conversations on assessment to make this strategy integral to teaching and learning. These conversations about shared expectations lead to questions about what students should know and be able to do. Assessment becomes less of an add on to what faculty do and more of an essential element of what faculty do.

Staffing of the graduate program. The Institutional Actions Council in approving the team’s recommendation for continued accreditation requested that the College address the staffing of the graduate program in Law Enforcement Administration and the relationship of these staffing patterns to the undergraduate program in Law Enforcement Management. In its response, the College agreed with the need for additional faculty and hired two faculty, one with expertise in statistics, and the other with expertise in law and private security. In addition, the topic of faculty load as balanced with scholarly research is under discussion. The College also reports that: 100% of courses in the LEA program are taught by full-time faculty; full-time faculty in the undergraduate Law Enforcement Management program teach 35% of courses. The orientation of the part-time faculty at the beginning of each semester presents program expectations, academic rigor, and assessment. The College reports that more than 50% of the adjuncts have been with the LEM program since its inception. The College also submitted its plan to assess the LEA program.

Assessing the LEA program. Assessment of the LEA graduate program is in its infancy. Assessment measures identified to date are several survey tools, which are indirect measures of student learning, and a Capstone Evaluator Critique (not included in the report) as a direct measure of student learning. The Commission is interested in what students know and are able to do as a result of the learning experiences in the LEA program. There is little evidence of direct measures of student learning in the report.

Conclusion. The CCSJ assessment reports describe the efforts of the College to develop an outcomes assessment program that reflects the goals, objectives, and values of the institution. The reports are also indicative of the discussions and actions that remain regarding using assessment as a tool to document and demonstrate that students are learning. The Commission fully expects that CCSJ will have these conversations and will continue to do the hard work of identifying, and developing measures that will assess the learning of its students.

STAFF ACTION: Accept the report focused on assessment and on staffing of the new Master's program. No further reports are required. The institution's next comprehensive evaluation is scheduled for 2010 - 2011.

If the current Commission action included changes to the demographic, site, or distance education information you reported in your Annual Report, we have made the change on the Organizational Profile. No other organizational information was changed.

Dear President Rittenmeyer,

Thank you for your email message dated July 24, 2006 to bring to my attention the discrepancy in Calumet College’s Statement of Affiliation Status (SAS) with The Higher Learning Commission. The previously named “Master of Science in Law Enforcement Administration” was indeed approved by the Commission to be changed to the “Master of Science in Public Safety” but was simply overlooked on the SAS. The SAS has now been updated to reflect this change and will include the name of both programs until May 2007. Please find a copy of this updated SAS enclosed.

If you have any further questions, please do not hesitate to contact me at 800-621-7440 ext. 127.

Sincerely,

Karen J. Solomon, Ed.D.

President
Calumet College of St. Joseph

Whiting, IN 46394

Dear Dr. Rittenmeyer:

This letter is formal notification of the action taken concerning Calumet College of St. Joseph by The Higher Learning Commission. At its last meeting, the Institutional Actions Council voted to approve your request to add a new site(s) or modification(s). The Commission Board of Trustees validated that action through its validation process. Although the actual validation date may occur prior to the letter date, the date on this letter constitutes the effective date of this new status with the Commission.

An attached Site Report indicates new active sites and modifications to sites that were approved and are now recognized by the Commission as an extended accreditation status. In addition, the Commission’s web site has been updated, which is a compilation of an institution’s Statement of Affiliation Status (SAS) and Organizational Profile (OP). The SAS is a summary of your organization’s ongoing relationship with the Commission. The OP indicates demographic, site, or distance education information you reported in your Annual Institutional Data Update and reflects any relevant changes as requested.

Please be aware of Commission policy on planned or proposed organizational changes that require Commission action before their initiation. You will find the Commission’s change policy in Chapter 7.2 of the Handbook of Accreditation. I recommend that you review it with care and that if you have any questions about how planned institutional changes might affect your relationship with the Commission, you write or call Stephen D. Spangehl, Ph.D., your staff liaison.

On behalf of the Board of Trustees, I thank you and your associates for your cooperation.

Sincerely,
