### Policy Considerations

- Where do you want your university to come down on certain issues?
  - How difficult will it be to prove sexual harassment
  - How far will the policy spread
  - Will your policy encourage or discourage filing complaints in unintentional ways
- What are consequences of these choices from a marketing or outreach perspective?

### Model Policy - Definitions

A few key things to consider:

- Actual Knowledge
- Administrator
- Consent
- Sexual Harassment

### Actual Knowledge

TERM	DEFINITION
<b>Actual Knowledge</b>	Notice of Sexual Harassment or allegations of Sexual Harassment to a University's Title IX Coordinator or any official of the University who has authority to institute corrective measures on behalf of the University. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute Actual Knowledge. This standard is not met when the only official of the University with Actual Knowledge is the Respondent. The mere ability or obligation to report Sexual Harassment or to inform a Student about how to report Sexual Harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the recipient. "Notice" includes, but is not limited to, a report of Sexual Harassment to the Title IX Coordinator. Examples of an Employee with Actual Knowledge include deans, associate deans, vice presidents, coaches, Title IX Coordinator and deputy coordinators, hall directors, resident assistants, human resources staff, campus safety officers, Administrators, and other employees as outlined Section III: Employee Duty to Report.

It is important for examples of Employees with Actual Knowledge to be consistent with what is listed in Section III: Employee Duty to Report.

### Administrator

<b>Administrator</b>	The adjudicator(s) who oversee(s) any hearing which takes place as part of the resolution process. The Complainant and accused individual will be asked if they have a preference for an administrative hearing with one (1) hearing officer trained to hear cases involving Sexual Misconduct or a hearing by a University hearing panel of three (3) University employees trained to hear cases involving Sexual Misconduct. The preferences of the parties will be taken into consideration; however, the Title IX Coordinator will make a final determination of the type of hearing conducted based on the preferences of the parties and the seriousness of the allegations.
----------------------	--

This option allows for flexibility, but can be adjusted if your university may not wish to provide a choice between a single Administrator and a panel.

---

---

## Consent

The final regulations do not require a definition of consent. As such, your university's final policy would still be compliant with Title IX if it wishes to have a more or less conservative definition of the term than this, or omit the definition altogether.

## I. SCOPE

### Remember:

This policy covers sexual harassment in any medium that occurs in a University's educational program or activity and in some off campus situations. The University has a duty to respond when they have actual knowledge of a violation.

## I. SCOPE

### C. Location

- i. This policy applies to alleged Sexual Misconduct that takes place in a University's educational program or activity, against a person in the United States. This includes locations, events, or circumstances over which the University exercised significant control over both the Respondent and the context in which the Sexual Misconduct occurred.

You may desire to expand the scope of your policy to cover additional areas, such as complaints that occurred during study abroad programs. While these are not Title IX violations, your university may still wish to act upon them as such to discourage any such actions.

- ii. This policy also applies to alleged Sexual Misconduct that occurs off-campus, including virtual spaces, in any building owned or controlled by a Student organization that is officially recognized by the University.

If your university has such spaces, which include fraternity and sorority housing, you may wish to explicitly list them.

III. EMPLOYEES WITH AUTHORITY TO INSTITUTE CORRECTIVE MEASURES

Under the new regulations, the University's duty under Title IX is triggered when it has **Actual Knowledge** of an alleged violation. Actual Knowledge is assumed when the Title IX Coordinator or any official of the University who **has authority to institute corrective measures** on behalf of the University is made aware of an allegation. It is left up to the University to define which individuals have such authority. In order to limit liability to the University, it is recommended to keep this list narrowed to specific individuals.

**IV. EMPLOYEE DUTY TO REPORT**

Under the new regulations, employees who do NOT have authority to issue corrective action are not required to report their knowledge of alleged sexual harassment to anyone. Prior policies often contained detailed mandatory reporting provisions. If the University is interested in keeping a broad mandatory reporting requirement, consider including the provisions below, which are largely based on the prior guidance. This should be adjusted to fit the University's views on this issue.

**V. REPORTING ALLEGATIONS OF SEXUAL HARASSMENT**

**Keep in mind:**

- *Anyone* may report
- Filing a report with law enforcement is NOT a prerequisite for reporting to the University and vice versa – a student has the right to do one and not the other

*What is the difference between a “report” and a “Formal Complaint?”*

**VI. CONFIDENTIALITY AND PRIVACY**

**Key Points:**

- Complainants have a right to privacy and can request that no formal investigation or disciplinary action follow
- BUT the University can decide to proceed anyways on a case-by-case basis
  - At that point the Complainant has no obligation to proceed as part of the investigation

### IX. REMEDIES

When the University makes a finding of a policy violation, it will take steps, whether individual or systemic, to stop the alleged Sexual Harassment, prevent its recurrence, and remedy the discriminatory effects on the Complainant and others, as appropriate

### Supportive Measures

#### D. Interim Supportive Measures

- i. Supportive measures will be made available to both the Complainant and Respondent whether or not a formal complaint is filed to ensure equal access to the University's education and employment programs and activities. The Title IX Coordinator or designee will conduct an individualized assessment and will review requests from Complainant and Respondent to determine supportive measures that are appropriate and reasonably available at no cost to the Complainant or Respondent. Supportive measures may include, but are not limited to:
  - a. No contact directives;
  - b. Referral to campus and community resources for victim advocacy, counseling, health services, legal assistance, immigration assistance, disability services;
  - c. Academic support including extensions of time and other course-related adjustments;
  - d. Modification of work or class schedules;
  - e. Change in work or housing locations;
  - f. Change in reporting relationship;
  - g. Consideration of leave requests; and
  - h. Assistance with academic petitions.

### X. FALSE ALLEGATIONS

Key Points:

- False allegations must be made in BAD FAITH to be a violation
- The absence of a finding of a policy violation is not equivalent to finding that the Complainant acted in bad faith

**I. INITIAL ASSESSMENT**

**Key Points:**

**II. DISMISSAL OF A COMPLAINT**

B. The University reserves the right to dismiss the complaint and stop the investigation if:

- i. The Complainant notifies the Title IX Coordinator in writing that they wish to withdraw their complaint;
- ii. The Respondent is no longer enrolled in or employed by the University; or
- iii. Specific circumstances prevent the school from gathering sufficient evidence to reach a determination about allegations (e.g. lack of participation in the investigative process by parties or witnesses).

Your university may wish to define what circumstances would qualify for this type of dismissal.

### III. INFORMAL RESOLUTION

#### III. INFORMAL RESOLUTION

A. Informal resolution may be utilized in some circumstances if a Formal Complaint is filed.

Your university may wish to define broader or narrower conditions that would make informal resolution appropriate. In any event, it is important to remember that the limitations in (B) will always apply to whatever conditions may trigger the use of the informal resolution process. While an informal process may be appealing due to having less restrictions, it should not be used as a way to dissuade Complainants from filing a Formal Complaint and proceeding through the related Title IX investigative procedures.

B. The usage of an informal resolution process is limited in a number of ways:

- i. Informal resolution is unavailable if the Respondent is an employee of the school.
- ii. Informal resolution may only be used if any and all parties to an investigation agree to it.

### III. INFORMAL RESOLUTION

E. Informal resolution can take any form that the parties agree upon. The Title IX Coordinator or designee will work with the parties to develop a form of resolution that adequately resolves the needs of the parties. This may include:

Informal resolution can take any form that your university deems appropriate. The included informal resolution options are provided as examples that your university may choose to adopt in full or in part. Your university may also have additional forms of alternative resolution in place that you may substitute for these.

- i. *Facilitated Dialogue:* A structured and facilitated conversation between two or more individuals, including, but not limited to the Complainant and the Respondent, which allows for voices to be heard and perspectives to be shared. Depending on stated interests, participants may work towards the development of a shared agreement.
- ii. *Shuttle Mediation:* An indirect version of the facilitated dialogue
- iii. *Circle of Accountability:* A facilitated interaction between the Respondent and University faculty and/or staff designed to provide accountability, structured support, and the creation of an educational plan.

  - Notice, a prompt process, equal access, advisors, and trained investigators without conflict or bias
- Investigative report cannot be finalized until *all* evidence is shared with the parties

### Hearings

- ii. Hearings are not legal proceedings and do not follow courtroom procedure or the formal rules of evidence. During any hearings, each party must have an advisor present to ask questions to the other party. This advisor does not need to be licensed to practice law and may be a person of the party's choice or, if they do not have an advisor, the University will provide an advisor for them.

An advisor is not required to be a licensed attorney. Your university may wish to put in place a policy that outlines who these advisors are to provide potential Complainants information they would need to determine if they need to hire an outside advisors. Potential sources of advisors could be members of your Title IX department, counselors, or volunteer law students.

### Resolution

- ii. The Administrator bases all conclusions by examining all evidence from the investigation and the hearing. Their conclusion is based on the [standard of evidence] standard: If [explanation of standard], then Respondent will be found responsible for violating this policy.

The new regulations allow for a choice between two standards: "Preponderance of the Evidence" or "Clear and Convincing." Your choice will dictate how easy or hard it is to prove a case and has the ability to directly impact the outcome of any resolution. A clear and convincing standard will be harder to prove than a preponderance of the evidence standard.

[preponderance of the evidence] standard: If [the evidence indicates that it is more likely than not that Respondent committed the alleged act(s)].

[clear and convincing] standard: If [it is highly and substantially more likely to be true than untrue that Respondent committed the alleged act(s)].

Whichever standard your university chooses for use in the formal resolution process must be the same regardless of if the respondent is a student, staff, or faculty member.

### Resolution

- iii. If the Respondent is found responsible for violating this policy, the Administrator will consult with \_\_\_\_\_ in order to determine the corrective actions and/or sanctions to resolve the complaint. Any such corrective actions and/or sanctions will be outlined in the Administrator’s written decision.

You may wish your Administrator to consult with any number of university officials, such as the Title IX Coordinator, Dean of Student Services, University President, or the respondent’s supervisor. This could also be dictated by the individual circumstances, such as having it depend on if the respondent is a student or faculty/staff member. In this case, we recommend “consult with any appropriate individuals.”

### V. APPEALS PROCESS

- A. If either party disagrees with the outcome of the Administrator’s determination, they may file a written appeal with the Title IX Coordinator within ten days.

The time frames provided here are recommended to promptly resolve any complaints, however may be extended or shortened to meet your university’s expectations and standards.

- B. Appeals may be filed due to:
  - i. A procedural irregularity that affected the outcome.
  - ii. New evidence being discovered that was not reasonably available at the time of the determination or dismissal.
  - iii. A conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter of the Investigator or investigator(s), or decision-maker(s).

These are the grounds required by the regulations. Your university may wish to expand this list to include additional grounds for appeal, provided that they apply equally to all parties.

### V. APPEALS PROCESS

- C. [IDENTIFY THE DECISION MAKER] will examine all evidence in order to determine if the appeal has merit. The [DECISION MAKER] will make an unbiased objective conclusion as to the appeal’s merit and issue a written decision describing the result of the appeal and the rationale for the result; and will provide the written decision simultaneously to both parties.

The decision maker for the appeals process should be identified, but cannot be the Title IX Coordinator, the investigator who handled the investigation, or the Administrator.
