

BELONGING & BECOMING Campaign

It is with great pride and enthusiasm that we announce the public phase of the *Belonging & Becoming Campaign*.

Our enthusiasm is rooted in the sacrifice, dedication, and hard work of our faculty, staff, administrators, and Board of Trustees in drafting a vision for our future. And our joy is rooted in the generosity of our donors who boldly stepped forward in the Campaign's leadership gift phase to raise **\$6 million** of the **\$7.5 million goal**.

CCSJ has a history of meeting students **where they are** and preparing them for **where they want to go** and **who they want to become**. Our small size and career-oriented majors within a liberal arts tradition enable us to provide a level of personalized engagement for our students that cannot be matched by larger institutions.

Our mission is apparent in all we do to support our students to realize their potential and to go into the world not just to make a living, but a life worth living.

The *Belonging & Becoming Campaign* will ensure a dynamic future for CCSJ. We must have the competitive educational and scholarship resources that make our programs attractive and affordable to prospective and current students. With your support we **become** a stronger institution that is an anchor to our community and a place where many **belong**.

Your investment in the Campaign's quest to successfully cross the "finish line" toward the \$7.5 million goal will help us continue to offer our students an education that is truly transformative in mind and heart.

We look forward to your participation in an exciting future for Calumet College – an institution meeting a special and significant role in our greater community for over 70 years.

May our patron St. Joseph bless us abundantly in our efforts.
